Attention: The Registrar

Dear Sirs/Mesdames:

**Re: Voltage Pictures LLC v. John Doe and Jane Doe
Court File No.: T-2058-12**

We are counsel for TekSavvy Solutions Inc., the Responding Party in the above-noted proceeding. We ask that this letter with enclosures be brought to the attention of the presiding judge hearing the appeal motions scheduled for Monday, **November 9, 2015**.

We enclose for filing TekSavvy's Hearing Compendium for the hearing of the appeals. The Compendium consists of excerpts from the records and books of authorities that we expect will be referred to during the hearing, in hopes that it will make the hearing more efficient. A copy of the Compendium is also being sent today by courier to counsel for Voltage Pictures LLC, as they will be attending the appeal by videoconference.

In addition, in preparing the Compendium, it has come to our attention that two of the Exhibits to the Affidavit of June Dawson, sworn July 16, 2015, namely:

- Exhibit 19, the transcript from the hearing before Prothonotary Aalto, held June 25, 2013 (the "Norwich Hearing Transcript"), Tab B(19) to TekSavvy's Motion Record, and
- Exhibit 20, the transcript from the hearing before Prothonotary Aronovitch, held December 8, 2014 (the "Costs Hearing Transcript"), Tab B(20) to TekSavvy's Motion Record

did not include the transcript page numbers, but were only numbered sequentially with Motion Record page numbers. As TekSavvy's Written Representations have in most instances provided citation references to transcript page numbers rather than Motion Record page numbers, we enclose for ease of reference copies of those two

CALGARY
VANCOUVER

transcripts with both the transcript page numbering and Motion Record page numbering. The transcripts are otherwise identical to those attached as exhibits to Ms. Dawson's affidavit.

In addition, for the convenience of the Court and counsel in correlating the references in our memorandum, we attach a table of concordance that identifies the footnote number, transcript reference page and Motion Record page number for each citation referencing the transcripts.

We apologize for the inconvenience caused by our oversight in the pagination of the transcripts in the record and thank the Court for its assistance.

Yours very truly,

Nicholas McHaffie
